NOTHER WONDER OF SCIENCE.

Science has proved that Dandruff is caused by a Germ.

Science is doing wonders these days in science as well as in mechanics. Since the germ of dandruff, for which no hair preparation has heretofore proved a successful cure until Newbro's Herpicide was put on the market. It is a scientific preparation that kills the germ that makes dandruff, and it cures the scalp, itching hair, and finally baldness. Without dandruff hair must grow luxuriantly. It is the only destroyer of dandruff. It is the only destroyer of dandruff. It is the only destroyer of dandruff.

Send for sample to The Herpicide Co., Detroit, Mich.

MRS. SHADWICK'S LIFE STORY.

Mrs. Alice M. York, who lives in San Francisco is a sister of Mrs. Chadwick. She declares that Mrs. Chadwick is the 'Madame Devere' who served a term in the Ohio penitentiary for forgery. She adds that Mrs. Chadwick in former years was known under many aliases, and at one time, while unmarried, was tried on a charge of forgery and acquitted.

Mrs. York is a widow with two daughters, and has been living in San Francisco for the past 18 months. She went there from Cleveland, O., which for many years was her home. She frankly admits her relationship to Mrs. Chadwick. She, however, denies that Mrs. Chadwick is possessed of any hypnotic powers, but avers that at times she seemed to be in a trance, and at such times was deaf to everyone.

'There were eight children in our family,' Mrs. York said, 'and our early home was near London, Canada. My maiden name was Alice M. Bigley and my father was Daniel Bigley, my mother's name being Mary. Mrs. Chadwick's maiden name was Elizabeth, and she was born in London, Canada. She is now about 42 years of age. There were six girls and two boys in our family, and all are living.

'From London, while I was still a girl, my father moved to Eastwood, Ont., and then to Woodstock. He was married to S. M. York, who was a machinery business in Cleveland.

'Yes, it is true that I, while still unmarried, and tried in Woodstock on forgery. She was acquitted on that she was insane.

'About 1882 she came to live at my home in Cleveland. About that time I was compelled to leave the city to Woodstock for my health. I left my sister Elizabeth in charge of the house and during my absence she mortgaged all the furniture, giving her name as Mrs. Alice M. Beato. I came back and learned of her doings, but did nothing in the way of prosecuting her. She went to live in several rooming-houses, and even there borrowed money by mortgaging furniture that did not belong to her.

'From one house to another she went and repeated the operation, using different names. I paid many of her debts and squared matters for her. At that time I began to think that she was unbalanced.

'Elizabeth was married in my home to Dr. W. S. Springsteen in 1882. She lived with him only a short time and then they had a quarrel and separated. A divorce was finally granted and my sister returned to Woodstock to live on the farm with my mother. Then she took the freak of writing letters to say that Elizabeth Springsteen was dead. Many people believed that she was dead. About three years later she came from Woodstock to live in Cleveland.

She lived under the name of Mrs. Scott, as she did not wish to be known as the former wife of Springsteen. Springsteen's full name was Wallace Scott Springsteen, and she sometimes called herself Mrs. Wallace and sometimes Mrs. Scott.

'It was in Toledo, where she was known as 'Mme. Devere,' that she got into the trouble that landed her in prison. She was arrested and charged with obtaining a large amount of money by forgery.

'She is certainly a strange woman. I often asked her why she did such senseless things and she would answer that she could not account for her actions. She knew that the things she did would be found out, yet she did not hesitate in repeating the actions that would cause trouble for her. This, in my mind, was proof that she was mentally strange. At times I have seen her sit for hours as if in a trance. She seemed bewildered and her eyes had a vacant stare. At such times she would not reply when questioned. She would have melancholy spells and nothing would rouse her.

'Despite her strange actions, Mrs. Chadwick has many good qualities that endeared her to every one. She was generous and was never happy unless she was helping others. I have known her to take newboys from the street and clothe them.

'She tried to live down her past. When she came out of the penitentiary she would never say anything about her prison life nor of the time that she was known as Lydia Devere.

'It was through Rev. Charles A. Eaton, pastor of the Euclid Avenue Baptist Church, of Cleveland, Ohio, that Mrs. Chadwick became acquainted with Banker Newton, of Brookline, Mass. The introduction was made through a Boston attorney, who is a relative of Dr. Eaton. Mrs. Chadwick introduced herself to Dr. Eaton last spring, and asked for an audience on business affairs and as to where she could raise money. Dr. Eaton, not suspecting anything was wrong, acceded to her request. In regard to the matter, the following communication from Dr. Eaton, dated at Louisville, Ky., was received in Cleveland yesterday:

'Briefly stated, all I know about the Chadwick case is this: Sometime the last winter or spring Mrs. Chadwick appeared, unbidden and unknown, at my office, and, as hundreds of strangers do, asked for my advice.

'My advice was to place her affairs unreservedly in the hands of lawyers or business men of integrity for settlement, and I sent her to several firms in which I had and have now the utmost confidence, telling them frankly what little I knew about the woman, and that I had advised her to place her entire affairs with them for settlement.

'Since then I have known nothing about her movements except by hearsay, nor do I remember having seen or heard of her before that occasion.

'Mrs. Chadwick never attended a

church service in the Euclid Avenue Baptist Church, within my knowledge, and has never given a dollar to our work, directly or indirectly. She is not now, and never has been, connected in any way with my church, or with its pastor, other than as stated above.

The Use of Rubber.

We are using more rubber every day. According to a report made public by the Department of Commerce and Labor our imports of the tropical product will reach 40 million pounds this year valued at more than \$40,000,000. Thirty years ago we bought only 14 million pounds, worth \$6,000,000. In addition to pure rubber the United States imports large quantities of substitutes for gutta percha, Gutta jolalong, or 'East Indian gum,' a product of Barneo, which is used in conjunction with the India rubber in certain lines of manufacture, has in recent years been imported in rapidly increasing quantities. Under modern methods such of the India rubber used in shoes, garments, and otherwise may now be recovered and by certain processes be fit for further use, and the extent to which this is now being done is indicated by the fact that the importations of 'old and scrap rubber' fit only for remanufacture, which amounted in 1894 to less than 2,000,000 pounds were in the fiscal year 1904 20 million pounds. Most of the rubber we use comes from Brazil but Central America, Africa and the East Indies supply considerable quantities. According to the report there are about 300 rubber product manufacturers in the union.

Three Italians Killed.

Three Italian miners were killed and five seriously wounded in a fight which occurred at a mining camp near Matewan, W. Va., Tuesday night. There had been trouble between two rival camps for some time and the miners were driven between them were easily killed by two members of an Italian band. The fight was a pitched battle and lasted for some time. The Italian band was driven off by the miners. The fight was a pitched battle and lasted for some time. Worst of All Experiences.

Can anything be worse than to feel that every minute will be your last? Such was the experience of Mrs. S. H. Newman, of New York. She was afflicted with indigestion, stomach and bowel trouble. Death seemed inevitable when doctors and all remedies failed. At length I was induced to try Electric Bitters and the result was a complete recovery. For Liver, Kidney, Stomach and Bowel trouble Electric Bitters is the only medicine. Only 50c. It is guaranteed by E. S. Leadbeater & Sons, Druggists.

No More Suffering.

If you are troubled with indigestion get a bottle of Kodol Dyspepsia Cure and see how quickly it will cure you. Geo. A. Thomson, of Spencer, Ia., says: 'I have had Dyspepsia for twenty years. My case was almost hopeless. Kodol Dyspepsia Cure was recommended to me and I used a few bottles of it and it cured me. It is the only thing that has relieved me. Would not be without it. Have doctored with local physicians and also at Chicago, and even went to Norway with hopes of getting some relief, but Kodol Dyspepsia Cure is the only remedy that has done me any good, and I heartily recommend it. Every person suffering with indigestion or Dyspepsia should use it.' Sold by all druggists.
